Patent Application of

Kuen Yuan Hwang, et al.

Application No. 10/606,620

Confirmation No.: 4921

Filed: June 26, 2003

Examiner: Robert E. Sellers

"PHOSPHORUS-AND-NITROGEN-
CONTAINING RESIN HARDENER AND
A FLAME RETARDING RESIN
COMPOSITION CONTAINING SAID
HARDENER"

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450

RESPONSE TO RESTRICTION REQUIREMENT AND ELECTION OF SPECIES

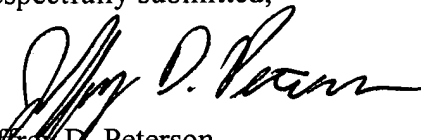

Sir:

In response to the Office action of June 29, 2005, Applicants wish to elect the claims of Group II (claims 3-7 and 10-15) and elect the species wherein R^1 is C_{1-6} alkyl, wherein the epoxy resin is Glycidyl ethers of nitrogen-containing hetero rings, and wherein the hardening promoter is Imidazole compounds.

The election of the above species is made with the reservation that the species merely represent certain chosen embodiments. Their election should not in any sense be considered to reduce the scope of the claimed invention as represented by the pending claims.

Applicant respectfully requests that claims to the elected species be examined on the merits and, if found allowable, that the search be extended to the genus claims of the application, e.g., in claims 1 and 3-15.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Jeffrey D. Peterson". The signature is fluid and cursive, with the first name "Jeffrey" written in a larger, more prominent script than the last name "Peterson".

Jeffrey D. Peterson
